Optional Program Excursion to Milan

“While Rome is the political capital of Italy, Milan is the clear heart of Italian commerce and is also noted as a leader in the fashion industry. During this optional visit to Italy’s second largest city, students participating in CUA’s Rome Summer Business program will have the opportunity to visit local companies, financial institutions, and business organizations.”

☐ I wish to attend the optional weekend program excursion to Milan. I understand that I will be charged an additional $350 for this trip.

☐ I do not wish to attend the optional weekend program excursion in Milan.
