In a serious medical emergency, you should seek immediate care before contacting UnitedHealthcare Global. UnitedHealthcare Global medical experts will then consult with the local physician and determine the next most appropriate steps to provide proper care.

- **Medical Monitoring**

UnitedHealthcare Global Assistance Coordinators will continually monitor your case. In addition, UnitedHealthcare Global Physician Advisors will provide consultative and advisory services, including review and analysis of the quality of medical care you are receiving.

- **Emergency Medical Transport**

If you sustain an injury or suffer a sudden and unexpected illness and adequate medical treatment is not available in your current location, UnitedHealthcare Global will arrange and pay for a medically supervised evacuation to the nearest medical facility determined to be capable of providing appropriate medical treatment. Your medical condition and situation must be such that, in the professional opinion of the health care provider and UnitedHealthcare Global, you require immediate emergency medical treatment, without which there would be a significant risk of death or serious impairment.

- **Repatriation of Remains**

If you sustain an injury or suffer a sudden and unexpected illness that results in your death, UnitedHealthcare Global will assist in obtaining the necessary clearances for your cremation or the return of your mortal remains. We will coordinate and pay for the preparation and transportation of your mortal remains to your Home Country.

- **Emergency Reunion**

UnitedHealthcare Global will arrange for a family member to be involved according to the benefits of the insurance.

- **Trip Interruption**

UnitedHealthcare Global will arrange for your return home due to a Trip Interruption according to the benefits of the insurance.

- **Replacement of Medication**

If you have an unexpected need for prescription medication while on a covered trip, or you lose, forget, or run out of prescription medication while traveling, UnitedHealthcare Global will attempt to locate the medication or its equivalent and attempt to arrange for you to obtain it locally, where it is available, or to have it shipped to you, subject to local laws, if it is not available locally. You will be provided with a cost estimate for the replacement medication and/or shipment costs that are subject to your approval.

- **Guarantee of Payments and Method of Payment**

Should it be necessary to provide a guarantee of payment to a medical provider, or to make arrangements to pay in local currency, UnitedHealthcare Global will work with ACE American Insurance Company to make that guarantee under the insurance benefits. UnitedHealthcare Global may further assist you by advancing money in dollars or local currency to medical providers according to repayment provisions worked out with ACE, you or a family member.

- **Travel and Communication Assistance/Telephone Interpretation Service**

If you need help communicating in an emergency, UnitedHealthcare Global will provide telephonic interpretation services in all major languages. In emergency situations that require extensive translation, UnitedHealthcare Global will make referrals to local translators.

- **Transmission and Retention of Urgent Messages**

In an emergency, UnitedHealthcare Global will use its best efforts to transmit an urgent message to your family, friends, and/or business associates.

- **Legal Assistance**

In an emergency, UnitedHealthcare Global will use its best efforts to provide you with the names, addresses and telephone numbers of lawyers in the area in which you are traveling in case of a car accident, traffic violations, and other civil offenses. However, the selection of and the expenses associated with a particular attorney will be your responsibility.
