UnitedHealthcare Global Intelligence Center – Login Instructions & Overview

Tools

Medical Intelligence Reports – Created in partnership with Harvard Medical International, Medical Intelligence Reports is the most robust source of international medical information available today. Quickly evaluate the healthcare in your destination, know recommended and required immunizations, find UnitedHealthcare Global Assistance-approved medical facilities, translate common medical phrases, and much more.

Travel Guides

World Watch® - World Watch® is your online location for all things security related, including global threat maps, risk assessments, government reports, and details for more than 233 countries and territories around the world. All information is offered in real-time, ensuring that you are always up-to-date on any given situation.

Daily Security Alerts – A snapshot of the day's security events from around the world. Listed by region and destination, this free service provides a quick review of events that could have a significant impact on travelers in a particular destination. Each event summary includes country threat levels and significant dates.

Pre-Travel Checklist – Before each trip, be sure you have done everything needed to prepare. This quick and easy checklist will get you started with sections on Education and Awareness, Travel Documents, Travel Itinerary, Health, Security, Safe Havens, and Finance.

Travel Guides – Read these travel guides designed for both individual travelers and organization administrators. In these white papers, UnitedHealthcare Global's experts outline important health and security considerations for international travelers.
